Addressing Homelessness

- In collaboration with LA Family Housing, LAHSA, LA County, Caltrans, and Mayor Bass, we cleared encampments at the back part of Paxton Park, the Pacoima Wash, and Caltrans right of way along the 118 FWY and 5 FWY. It was the largest tent encampment in Pacoima, impacting green space for community use. With this coordinated approach, we housed over 50 individuals and have restored the recreational use of a community open space.
- Expanded our RV Pilot Program to Pacoima and successfully housed individuals:
 - Near Desmond St and Bradley Ave, resulted in 7 vehicles being safely disposed of and 7 individuals finding housing.
 - Area remains cleared of encampments.
- In our ongoing efforts to enhance community safety and support, we are proud to collaborate with the Crisis and Incident Response Through Community-Led Engagement program, also known as CIRCLE. This innovative initiative, which began in late 2022, offers a unique approach to handling non-urgent 9-1-1 calls involving unhoused individuals. CIRCLE deploys highly trained crisis response teams to address these situations promptly and effectively. Additionally, the program proactively conducts outreach in areas with high concentrations of unhoused individuals, stepping in before the need for a 9-1-1 call arises. CIRCLE is currently active in Pacoima, Mission Hills, and North Hills, further reinforcing our commitment to community well-being and safety.
